The Leading Infrastructure Sector Company, Kamdhenu Limited has Launched "Colour Max" Colour Coated Sheets in Punjab Market

Press release from: **Kamdheni Colour Max Sheets are adding Colour to Progressing Punjab**

Ludhiana: In view of the fast paced growth in Punjab, Kamdhenu Limited is offering a very strong and attractive range of colour coated sheets under the brand name "Kamdheni Colour Max". In addition to offering unmatched beauty and durability the brand Kamdhenu Colour Max is providing a wide range of designs and thickness. These sheets are superbly water resistant, unbreakable and flexible. Kamdhenu Colour Max can ideally be used in green buildings and these are eco-friendly products. These sheets, with ease in handling and application, help in speeding up the infrastructure works.

In the huge market of Punjab characterised by varied consumer requirements, Kamdhenu Colour Max provides complete roofing solutions. These products are being used for the roofing of houses, offices, factories and warehouses. The smart range of Kamdhenu Colour Max is best suited for smart construction needs. Lending superior strength over competitive brands, Kamdhenu Colour Max is available in three different designs, including; High-rib profile, Tile profile and Corrugated profile. In the thickness range of 0.40 mm to 0.80 mm on competitive prices, all the three designs of Kamdhenu Colour Max are available in very appealing colours to make very long lasting, rust free beautiful roofs.

Kamdheni Colour Max can be easy to use and its water protective grooving is perfectly leak-proof. Manufactured through multiple high-quality coating layers applying on the Steel Alloy material; Kamdhenu Colour Max is completely rust-free. Kamdhenu Colour Max is designed for all weather comfort. Its reflective coating keeps interior cool in summer, it resists drum-effect noise during rains and with better insulating properties keeps the interior cosy in winter. Suitable to green building concept, Kamdhenu Colour Max protects the environment by helping in minimizing the energy cost of the building.

The Director, Kamdhenu Limited, Mr. Sunil Agarwal said, "All the Kamdhenu products are being manufactured using latest technology and machineries, thereby Kamdhenu products are known for its market appropriateness, quality and eco-friendly features." He added further that, "Kamdheni Colour Max is also eco-friendly along with very superior in quality aspects. The advanced reflective colour coating used for Kamdhenu Colour Max reduces the absorption of heat through roof and keeps the interior up to 20% cooler. So it reduces the electricity cost of cooling too."

About Kamdhenu Limited:

Kamdheni Limited is a leading company of Kamdhenu Group which manufactures, market, brand & distributes all products related to building construction such as steel, paints, plywood & etc. ISO 9001:2008 certified & listed in BSE & NSE, company has done the business value of Rs. 885 cr. in the FY 2015-16. But put together all the brand value of Kamdhenu's product is more than Rs. 8,000 cr. The company is having more than 60 franchisee manufacturing units and 4000 dealers of paint division and 4500 dealers & distributors of steel, spread across the country.
