

## ANNEXURE II

# Business Responsibility and Sustainability Report

Business Responsibility and Sustainability Reporting (BRSR) is the practice of companies disclosing information about their environmental, social, and governance (ESG) performance. It goes beyond financial reporting, offering stakeholders a comprehensive view of a company's non-financial impacts and contributions to sustainable development. BRSR covers topics such as environmental impact, social responsibility, and governance practices, aiming to promote transparency and accountability.

## 26. Overview of the entity's material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along with its financial implications, as per the following format

Opportunity

Risk

Negative

Positive

Sr. no.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (indicate positive or negative implications)
1	Waste management		Steel production, a resource-intensive business, requires optimal resource usage to save costs and safeguard the environment. Implementing effective waste and energy management solutions can reduce waste and improve efficiency, resulting in significant cost savings.	Kamdhenu prioritizes waste management in steel production by recycling, using licensed recyclers, and collecting and supplying waste zinc. These practices reduce the dangers associated with direct disposal, promoting industry sustainability. Furthermore, the Company has adopted clear garbage collection, storage, and disposal procedures.	
2	Emissions and pollutants		The steel industry's usage of fossil fuels in manufacturing causes significant air pollution and greenhouse gas emissions. These emissions cause environmental issues such as climate change, acid rain, and smog production. Steel mill emissions pose significant dangers to human health and safety, especially for workers near the facility.	To reduce greenhouse gas emissions, the Company follows CPCB requirements and has substituted coal with LSHS fuel. Moreover, it has used an induction furnace to reduce electricity usage and promote greener processes. Alternative energy sources, such as a 3.8-MW wind energy facility, help reduce overall greenhouse gas emissions.	
3	Water and wastewater management		Water use can have a significant impact on the environment, particularly when effluent is dumped directly into bodies of water. Additionally, the steel industry's excessive water use raises worries about water scarcity in several locations across the world. Implementing effective water management strategies is crucial to reducing water consumption and minimizing the industry's footprint on local water resources.	Wastewater treatment has several applications, including plant irrigation. Kamdhenu, a responsible steel manufacturer, has deployed an Effluent Treatment Plant (ETP) at its manufacturing facility. This purifies wastewater and reduces the Company's overall water use.	

Sr. no.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (indicate positive or negative implications)
4	<b>Energy management</b>		The substantial energy consumption in the steel industry is a key driver of greenhouse gas emissions and climate change. By reducing energy consumption, the sector can decrease its environmental footprint and play a role in mitigating climate change.	The Company has implemented multiple energy management strategies. It offsets non-renewable energy use through installed wind capacity. In addition, the manufacturing plant eliminated coal usage, reducing reliance on non-renewable sources. Furthermore, Kamdhenu actively pursues alternate energy sources to reduce its environmental effect.	
5	<b>Occupational health and safety</b>		The process of producing steel involves various potential dangers like extreme temperatures, hazardous chemicals, large machinery, and the risk of falling objects. Therefore, establishing robust occupational health and safety measures is vital for reducing the likelihood of accidents and injuries while promoting a secure workplace for employees.	Kamdhenu prioritizes employee safety and cherishes its stakeholders. The Company prioritizes maintaining a safe and healthy workplace by implementing environmental, health, and safety policies and procedures across its operations. It promotes safe practices and working environments by offering health care, material handling training, and Personal Protective Equipment (PPE) to employees. The Company has also kept an on-site ambulance to address urgent medical needs. It also conducts health and safety audits to identify risks.	
6	<b>Community relations</b>		A steel producer requires the backing and collaboration of the local community to implement safe and responsible operational practices. Developing trust and a good relationship with local residents is vital for securing the social license to operate. Positive community relations are also important for attracting and keeping qualified workers from the local region.	NA	

Sr. no.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (indicate positive or negative implications)
7	Employee satisfaction and retention		High employee turnover can incur significant expenses for manufacturing companies, necessitating continuous recruitment and training of new staff. By adopting effective strategies for employee satisfaction and retention, organizations can greatly minimize staff turnover and its related costs, ultimately leading to cost savings and enhanced overall productivity.	NA	
8	Human rights		The manufacturing sector has a vital role in safeguarding human rights and ensuring that its activities do not infringe upon these essential principles. This obligation pertains to all parties involved, including workers, consumers, suppliers, and the surrounding community. Promoting human rights is crucial for improving worker welfare, which entails offering safe working environments, treating employees with honor and respect, and avoiding any form of discrimination, harassment, or abuse.	<p>Kamdhenu Limited prioritizes employee well-being and dignity by implementing initiatives and policies that protect their fundamental human rights. Key strategies include:</p> <ul style="list-style-type: none"> <li>i) Promoting a discrimination-free atmosphere and addressing harassment</li> <li>ii) Prohibiting child labor, forced labor, and human trafficking</li> <li>iii) Ensuring fair and equal wages, benefits, and working conditions in compliance with local legislation</li> <li>iv) Providing a safe working environment and conducting human rights due diligence to identify risks and implement corrective measures</li> </ul> <p>Also, the Company provides employees and workers with mechanisms to address human rights complaints, demonstrating its commitment to maintaining these standards.</p>	

Sr. no.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (indicate positive or negative implications)
9	<b>Customer relationship Management</b>		Establishing good relationships can help companies retain customers. Businesses can do this by providing excellent customer service, addressing their needs and problems, and fostering loyalty.	Kamdhenu has established a customer relationship management system with strict data security and privacy safeguards. This technology protects consumer information, reducing the risk of data breaches and unauthorized access. The Company continuously improves customer relationships by soliciting input and recognizing new needs.	
10	<b>Labor relations</b>		Establishing good labor relations leads to a steady and engaged staff, increasing overall production. Companies may improve employee morale and engagement by creating a friendly environment, immediately addressing issues, and providing fair salaries and benefits. A positive reputation in labor relations attracts top personnel and strengthens the Company's brand credibility.	Kamdhenu communicates regularly with its employees to address their concerns immediately and effectively. The Company also provides them with clear channels to report any difficulties they encounter. Additionally, employees obtain benefits such as health insurance and salaries above the minimum requirement. Altogether, Kamdhenu provides safe and healthy working conditions in accordance with industry norms and rules, resulting in high worker satisfaction.	
11	<b>Business ethics and compliance</b>		Compliance and business ethics are crucial for maintaining an organization's reputation. Companies that value ethical behavior and regulatory compliance gain the trust and respect of consumers, employees, investors, and stakeholders. This improves their brand image and increases market share. Non-compliance with regulations can result in legal penalties, fines, and reputational damage, emphasizing the necessity of adhering to ethical standards and regulatory obligations.	Kamdhenu has established a comprehensive Code of Conduct to uphold ethical standards and ensure regulatory compliance. This includes well-defined procedures addressing conflict of interest, bribery, corruption, and confidentiality. The Company also places strong emphasis on regular training and effective communication to ensure all employees are well-informed and clearly understand the established policies.  Furthermore, Kamdhenu has instituted a robust Whistle Blower Mechanism that offers a secure and confidential channel for employees and stakeholders to report any suspected ethical violations.	

Sr. no.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (indicate positive or negative implications)
12	Corporate governance		Strong corporate governance principles promote openness, accountability, and careful financial management inside firms. Effective corporate governance is critical in the steel business, which faces enormous risks from market volatility, regulatory shifts, and supply chain disruptions. These tools help firms detect, manage, and reduce risks, leading to resilience and long-term growth in changing markets.	The Company has implemented comprehensive policies and procedures to promote responsible and ethical organizational management. It recognizes that transparency and effective stakeholder communication are essential for addressing governance-related risks. This is ensured through timely and accurate financial reporting, clear and transparent disclosure of material information, and rigorous compliance with applicable regulatory frameworks. Moreover, strong risk management systems and internal controls are in place to identify, assess, and mitigate existing and potential risks.	
13	Stakeholder engagement		Engaging with stakeholders allows organizations to better understand their needs, concerns, and expectations. This connection helps develop products and services that meet customer expectations, enhance the organization's reputation among stakeholders, and address social and environmental concerns.	NA

Upholding high standards of corporate governance is a foundational principle, applied across all business operations.

The Company is committed to fostering fair, transparent and professional relationships with lenders, borrowers, shareholders, and other stakeholders, while maintaining a zero-tolerance stance toward bribery and corruption. Kamdhenu ensures full compliance with all applicable legal and regulatory requirements, strengthening transparency and accountability in its operations. Any policy breach is addressed with strict disciplinary action.

The Code of Conduct applies to the Board of Directors, Senior Management, Key Managerial Personnel, and all other associated individuals. It explicitly prohibits bribes, kickbacks, and corrupt practices, whether direct or indirect, and promotes a culture grounded in ethical conduct, honesty, and integrity throughout the organization.

Additionally, the Code of Conduct and the Whistle Blower Policy are aligned with India's anti-bribery and anti-corruption legislation. They reinforce the Company's commitment to ethical business practices. Furthermore, integrity and fairness remain core values, supported by proactive measures to prevent and address any form of bribery or corruption.

Kamdhenu acknowledges the vital role employees play in driving organizational success. To ensure a safe and supportive work environment, it has implemented a comprehensive Occupational Health and Safety Policy across all operational sites. This policy promotes a strong safety culture through awareness initiatives and strict adherence to industry-leading safety standards.

A culture of transparency and openness is deeply embedded across all levels of the organization. Additionally, an 'Open Door' policy is in place, encouraging employees to raise concerns with their supervisors, senior management, the Human Resources (HR) department, or directly with the Chairman of the Audit Committee, particularly in matters related to fraud or unethical conduct.

The Whistle Blower Policy further facilitates the anonymous reporting of actual or suspected misconduct. Employees and other stakeholders can raise concerns electronically via Email or through the SEBI Complaints Redress System (SCORES) platform.

To maintain a respectful and safe workplace, the Company has instituted a robust policy on the Prevention of Sexual Harassment. This is supported by an Internal Complaints Committee that ensures timely and impartial resolution of reported cases. Regular training sessions are conducted to enhance awareness of this policy and the provisions of the Sexual Harassment of Women at Workplace (Prevention, Prohibition, and Redressal) Act, 2013.

The organization actively promotes workplace safety through Behavior-Based Safety initiatives, walkthrough audits, and targeted improvement projects aimed at hazard reduction. Additionally, ongoing training and skill development programs strengthen safety awareness across the employee lifecycle. Furthermore, reporting unsafe conditions or practices is actively encouraged, reinforcing collective responsibility for a safe workplace.

## 10. Health and safety management system

- a. Whether an occupational health and safety management system has been implemented by the entity? (Yes/No)

**YES**

### If Yes, the Coverage such systems?

Kamdhenu has implemented an Occupational Health and Safety Management System (OHSMS) for its production sites and offices. The Company prioritizes employee involvement for long-term success, in line with ISO 45001:2018, the global standard for occupational health and safety.

The Company's occupational health and safety management is effective, efficient, and integrated, proactively preventing accidents and ensuring employee well-being. It focuses equally on physical and mental health through regular training and workshops, fostering a secure and supportive work environment.

- b. What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?

To comply with ISO standards, the Company has established and implemented strong Hazard Identification and Risk Assessment (HIRA) procedures across all business units. HIRA is carried out for both routine and non-routine tasks, involving operational staff in identifying workplace dangers. Identified risks are documented, and control measures are strategically designed using the control hierarchy.

The Company's Corrective and Preventive Action Tracker proactively identifies safety vulnerabilities in high-risk activities and implements engineering controls to reduce possible risks. A functional team assesses high-risk activities and applies measures to further reduce potential hazards. Furthermore, Kamdhenu focuses on creating a secure and productive workplace by providing regular 'Behavior-Based Safety' training sessions to raise employee awareness and promote safe work practices.

- c. Whether you have processes for workers to report the work-related hazards and to remove themselves from such risks? (Yes/No)

**YES**

### PRINCIPLE 4

**Businesses should respect the interests of and be responsive to all its stakeholders**

This principle highlights the importance of stakeholder engagement. Companies should consider the interests and perspectives of all stakeholders, including shareholders, employees, customers, suppliers, and the communities in which they operate. They should also be responsive to stakeholder concerns and feedback.

#### ESSENTIAL INDICATORS

##### 1. Describe the processes for identifying key stakeholder groups of the entity.

Stakeholders are individuals or groups with a vested interest in Kamdhenu's business operations, influenced either positively or negatively by its efforts or policies. The Company classifies its stakeholders into two primary categories: internal and external.

Currently, the following stakeholder groups significantly impact the Company's operations:

1. Shareholders and Investors
2. Lenders
3. Suppliers and contractors
4. Employees and workers
5. Customers
6. Communities
7. The broader community and the local population residing near the Kamdhenu Limited steel plant
8. Franchise partners
9. Regulators and statutory authorities

## 2. List stakeholder groups identified as key for your entity and the frequency of engagement with each stakeholder group.

Stakeholder Group	Whether identified as vulnerable and marginalized group	Channels of communication (Email, SMS, newspaper, pamphlets, advertisement, community meetings, notice board, website, other – please specify)	Frequency of engagement (annually, half-yearly, quarterly, others – please specify)	Purpose and scope of engagement including key topics and concerns raised during such engagement
Shareholders and Investors	No	Emails, newspapers, and the website, among others	Quarterly	The Company communicates financial results to shareholders and investors through dividends, annual reports, and general meetings. It also educates and encourages shareholders to exercise their voting rights, explains how to claim shares before they are transferred to the Investor Education and Protection Fund (IEPF), and informs them about material developments and business information.
Lenders	No	Email, in-person, meetings	Others (need basis)	Engaging with lenders involves assessing borrowers' creditworthiness, governance processes, ratings, and other pertinent variables.
Suppliers and contractors	No	Other (through physical and digital channels)	Others (need basis)	Executing brand promotion, marketing initiatives, and expanding the network.
Employees and workers	No	Others (through physical and digital channels)	Others (Regularly)	Fostering a collaborative environment and exchanging ideas encourages creativity, while professional advancement develops employee skills and expertise. Educating staff on HR rules helps them comprehend and follow Kamdhenu's guidelines and procedures.
Customers	No	Other (through physical and digital channels)	Others (need basis)	Customer service involves addressing customer concerns and complaints, as well as educating them on safety and security standards. Businesses that respond quickly and effectively to customer inquiries, problems and difficulties can increase customer satisfaction and trust. Educating customers on safety and security standards improves their well-being and fosters a safe atmosphere.
The broader community and the local population residing near the Kamdhenu Limited steel plant	No	Other (in-person)	Others (need basis)	CSR activities help meet community needs and demonstrate a commitment to social responsibility. Organizations can positively impact society by engaging in programs that solve social concerns, promote sustainable development, and improve community well-being.
Franchise partners	No	Other (through physical and digital channels)	Others (need basis)	Businesses support franchisees through marketing assistance, training, and operational guidance to enable their growth. Ensuring their satisfaction is critical for building a strong network and lasting relationships. Furthermore, timely resolution of concerns strengthens trust between franchisors and franchisees, creating a collaborative environment. This reinforces a positive brand image and enhances the franchise's reputation in the market.

Stakeholder Group	Whether identified as vulnerable and marginalized group	Channels of communication (Email, SMS, newspaper, pamphlets, advertisement, community meetings, notice board, website, other – please specify)	Frequency of engagement (annually, half-yearly, quarterly, others – please specify)	Purpose and scope of engagement including key topics and concerns raised during such engagement
Regulators and statutory authorities	No	Others (through physical and digital channels)	Others (need basis)	Businesses seek material recommendations, amendments, approvals, and policy updates to ensure smooth operations. This helps them remain aligned with essential legislation and policies, while also enabling ideas and revisions that improve efficiency. Moreover, policy advocacy empowers firms to shape industry regulations and advocate for policies that benefit their operations and growth.

## PRINCIPLE 5

### Businesses should respect and promote human rights

**8. Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases.**

Kamdhenu fosters a culture of diversity and inclusion, encouraging individuals to bring their authentic perspectives, capabilities, and experiences to the workplace. This inclusive environment creates significant value for all stakeholders. The Company's policy affirms equality and non-discrimination, irrespective of gender, religion, caste, color, age, community, physical ability, or gender orientation.

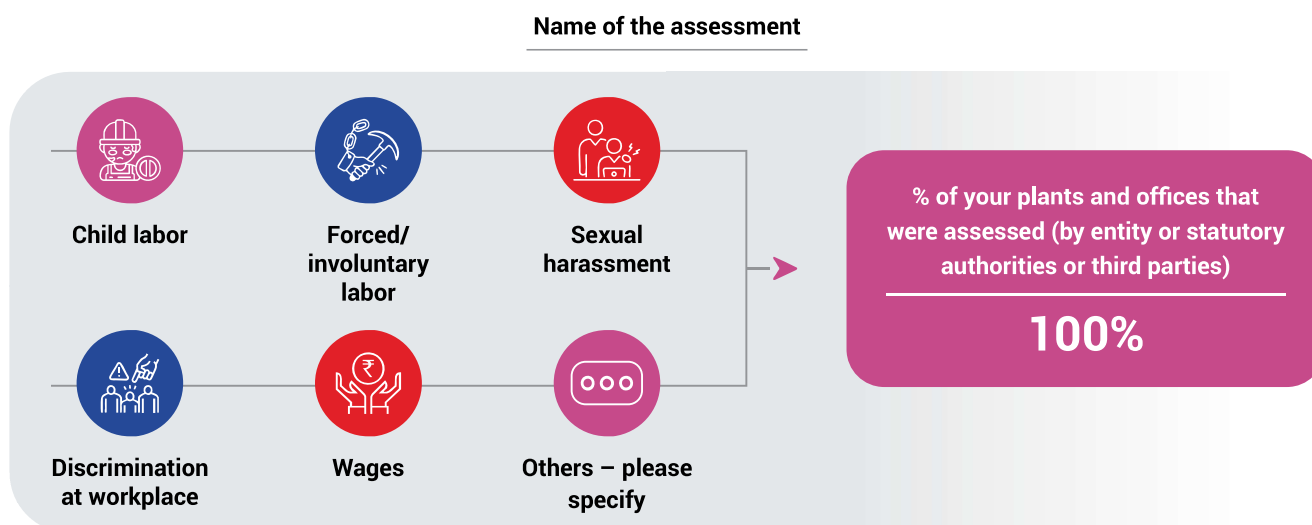

To ensure a respectful and safe workplace, an Internal Committee has been established to address concerns related to sexual harassment and discrimination. The Committee upholds strict confidentiality, ensuring anonymity and privacy for all complainants. In addition, the Company conducts regular awareness and training sessions to educate employees on issues of sexual harassment and the available redressal mechanisms.

Additionally, the Company has implemented a comprehensive Whistle Blower Policy that safeguards individuals reporting concerns. These complaints are treated as protected disclosures, and complainants have the option to remain anonymous. Their identities are secured by the investigating officer, and they are shielded from any retaliatory actions, including harassment, unfair termination, demotion, suspension, or any form of discriminatory treatment.
