INDIA'S LEADING COMPANY IN MANUFACTURING OF **STEEL DOOR & WINDOW FRAME**

About Us

Kamdhenu Limited stands as a beacon of innovation and quality in India's steel industry. Established with a vision to revolutionize the construction materials sector, we've grown from a single manufacturing unit to a vast network of over 100 franchisees units nationwide. Our commitment to excellence has made us a household name, trusted by millions for building dreams and protecting assets.

Our Philosophy

At Kamdhenu, our philosophy is built on the pillars of values that guide every product we craft and every relationship we nurture:

 Honesty  Transparency  Commitment  Quality Assurance  Customer Satisfaction

Our Vision

To establish Kamdhenu, a globally recognized leader in the steel industry by expanding our footprint across international markets and building a strong overseas presence by the year 2030 through strategic, proactive initiatives and innovation-driven growth.

Our Mission

Our mission is to offer premium steel products at the best value, setting the standard for quality, integrity, and customer satisfaction.

MR. SUNIL KUMAR AGARWAL
WHOLE TIME DIRECTOR

We have a dream,

A dream to create a world with limitless possibilities for everyone.

Innovation is embedded in every frame we create. At Kamdhenu Limited, we specialize in delivering high-quality slit coils and durable door & window frame solutions designed to meet modern construction needs. Combining advanced technology with precision engineering, our products offer strength, reliability, and aesthetic appeal – all while ensuring affordability for customers across the country.

STEEL DOOR FRAMES:

The backbone of your
home's security.

Stylish | Strong | Sustainable

WHY CHOOSE **KAMDHENU** STEEL FRAMES ?

ADVANTAGES OF STEEL DOOR & WINDOW FRAME

DURABLE

Built with high-strength steel, Kamdhenu Steel Door & Window Frames ensures long-lasting durability for years without warping or cracking.

COST-EFFECTIVE

Save more with Kamdhenu Steel Door & Window Frames - an affordable alternative to traditional wooden frames with better performance.

TERMITE-PROOF

Completely resistant to termites, Kamdhenu Steel Door & Window Frames keeps your frames safe and damage free forever.

EASY INSTALLATION

Pre-fabricated and precision-made, kamdhenu Steel Door & Window Frames enables fast, hassle-free installation on any site.

LOW MAINTENANCE

Enjoy a maintenance-free life - Kamdhenu Steel Door & Window Frames needs no repairing, repairs, or seasonal upkeep.

ECO-FRIENDLY

Zero wood, zero waste - Kamdhenu Steel Door & Window Frames supports green building practices and reduces environmental impact.

RECYCLABLE

Made from steel, Kamdhenu Steel Door & Window Frames is 100% recyclable, contributing to a circular and sustainable construction cycle.

RESALE VALUE

Boost property value with durable, modern frames that impress buyers and promise longevity.

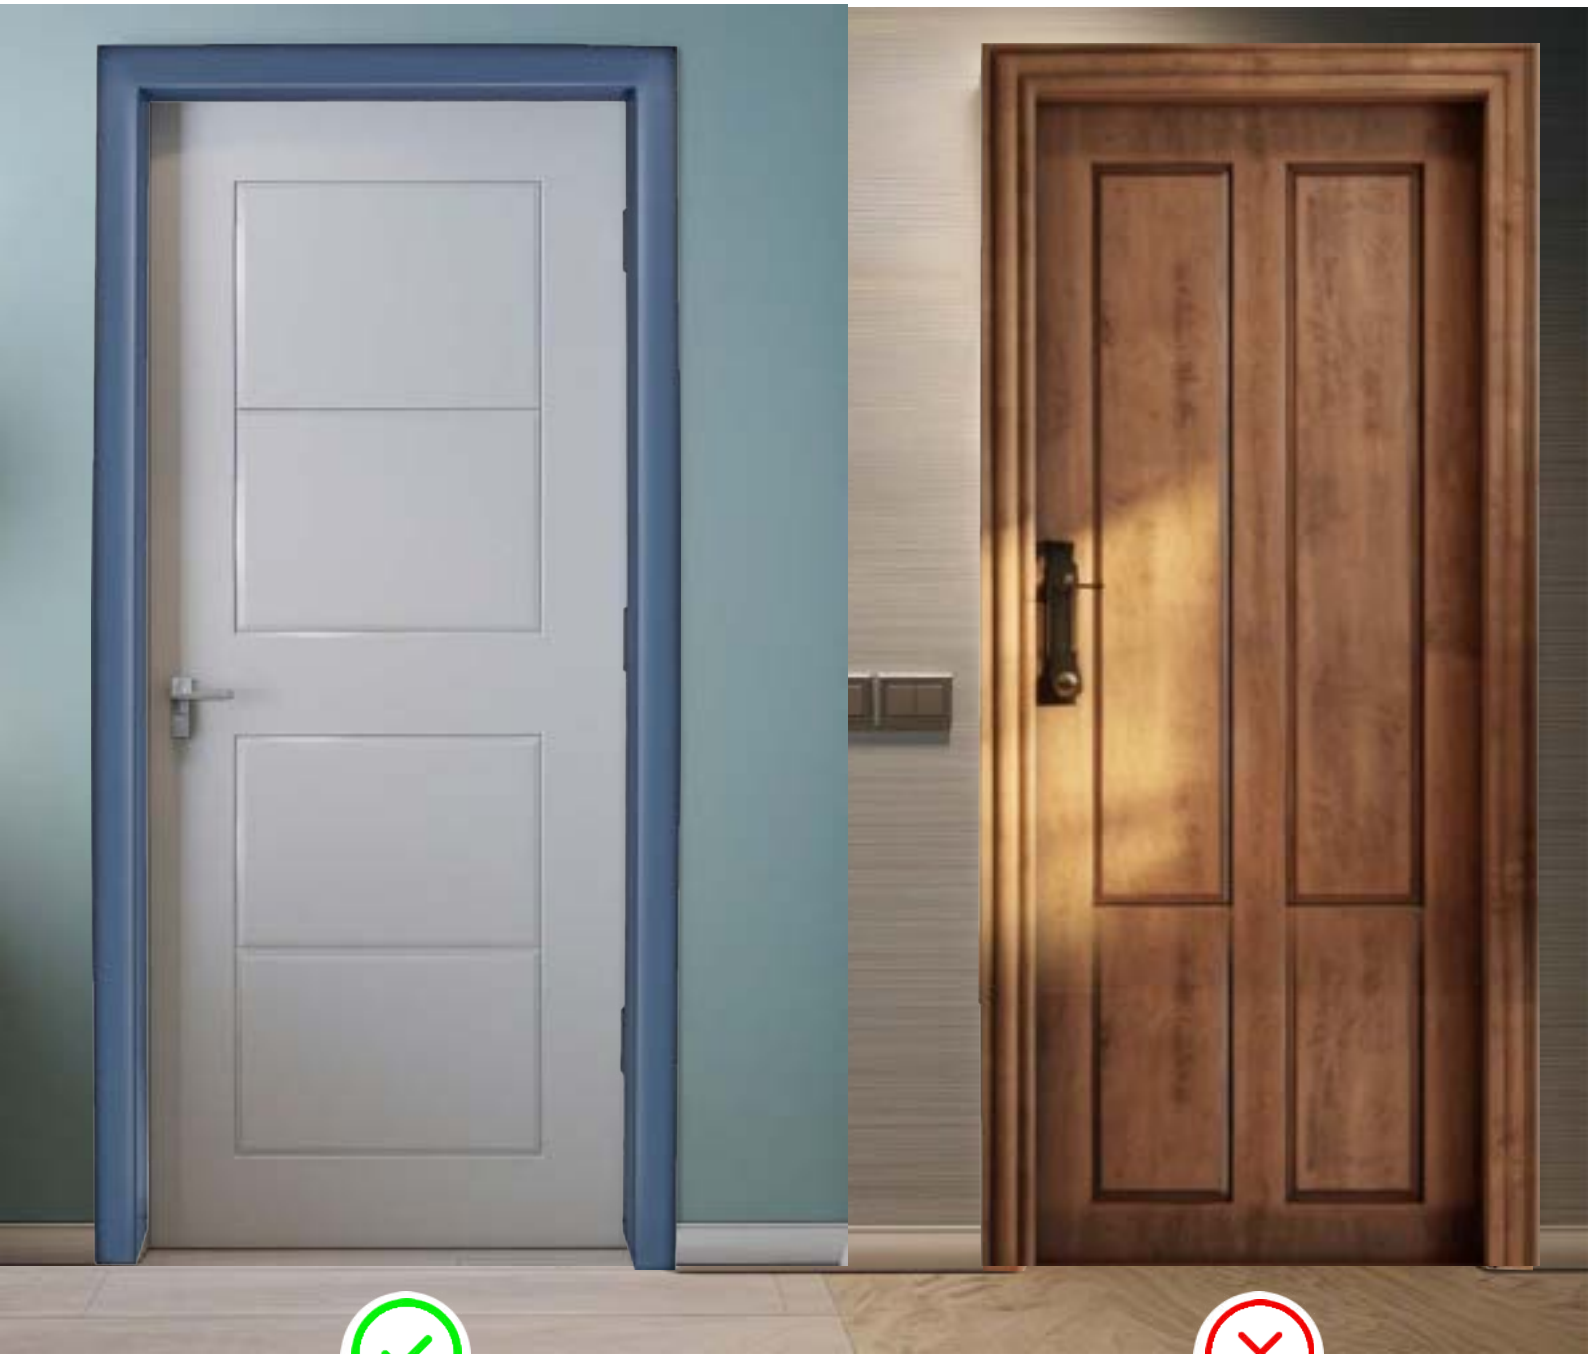

NO GAPS

Engineered for precision, Kamdhenu Steel Door & Window Frames ensures perfect alignment with no gaps or leakage.

GPSP Coil

GPSP Coils are a kind of steel coil wherein a thin protective coating of zinc is applied to enhance its resistance to corrosion. This is typically achieved through a hot dip operation, which enhances adhesion and abrasion resistance.

Excellent Durability and Endurance

Kamdhenu products are made from carefully selected raw material and strict quality policies. Our long association with steel industry and strong technical knowhow enables us to choose the best raw material quality and deliver the best to you. The raw material used (Pre painted galvanized sheet, Galvalume sheets) possess some inherent qualities which enhances the durability and endurance of the finished product.

Select from Spectrum of Colours

Discover the world of colours with Kamdhenu Colour Max pre painted products. Our versatile colour metal products make your dream building look stylish and elegant. We offer wide variety of colours for your selection which comply with international RAL system, the international standard for the standard colours used in architecture, construction, industry and road safety.
